About Utopian Academy for the Arts Network

Utopian Academy for the Arts is the 2023 Georgia Charter School of the Year! The mission of Utopian Academy for the Arts is to develop, through a structured and supportive environment, academic and artistic students to enter and to succeed in the global society with proficiency to enroll in a college, university, or specialty school of their choice. Utopian Academy for the Arts is the only public charter school network in Georgia to offer a comprehensive educational program in the dramatic, media, and creative arts. Our educational model leverages the positive effects of arts education to engage and inspire students, develop their academic and artistic potential, and prepare them to be leaders in their communities. The Utopian Academy for the Arts was founded in 2013 as the first state-approved charter school by the State Charter Schools Commission of Georgia, to expand public school choice options for families that reside in Clayton County, GA. Recognizing its unique approach and access to arts-based education, the Clayton County Public Schools System subsequently approved the vertical expansion to add the Utopian Academy for the Arts Elementary (est. 2020) and Utopian Academy for the Arts High School (est. 2022). In 2023, the charter school network launched its second state-approved middle school, Utopian Academy for the Arts-Trilith, which features a state-wide attendance zone and is located in Fayette County, GA

The Role

Our teachers are the heartbeat of our operations and academic ideologies at Utopian Academy for the Arts High School. More than any other variable in education— more than curriculum or supplies—our faculty and staff matter. Effective teachers who are continually learning and setting high expectations are the key to student academic achievement and success. At Utopian Academy for the Arts High School, we believe that students will rise to meet the high expectations set by our team of educators.
